

## **EXPRESSION OF INTEREST**

The National Centre for Sustainable Coastal Management (NCSCM), a technical centre of the Ministry of Environment, Forest and Climate change (MoEF&CC), Govt. of India has been assigned the task of mapping the Erosion Line along the Indian coast as part of coastal Hazard line mapping by the MoEF&CC, through the Survey of India. NCSCM is also engaged in HTL / LTL / CRZ mapping along the Indian coast and in the Islands, as an authorized agency of MoEF&CC.

NCSCM is also developing guideline for assessment of Cumulative Environmental Impact Assessment for the coast of India, in addition, to conduct environmental impact assessment as directed by MoEF&CC from time to time.

NCSCM is proposing to hire two senior level Consultants to provide expert advice for the above activities as well as to Co-ordinate with MoEF&CC, Survey of India and all the coastal State Governments and UT administrations in the above projects. The Terms of Reference is available in the website of NCSCM ([www.ncscm.res.in](http://www.ncscm.res.in)). Interested experts may send their signed Curriculum vitae containing details of educational qualifications, experience etc. to the Director, NCSCM, Koodal Building, Anna University, Chennai 600025 by post and / or by email ([procurement@ncscm.org](mailto:procurement@ncscm.org)) on or before **4th November, 2015**.
